## Headship Team Update

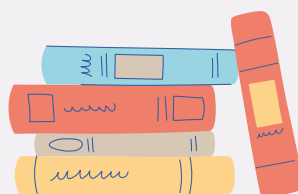

Welcome to the last half term of the academic year. Time certainly flies by! We have many exciting events planned for this half term including day trips, sports days, productions and a residential. It is so important that you keep an eye on those key dates to ensure you don't miss out. In the coming weeks, we will be contacting you to share some minor changes to the way we communicate with you. We will still communicate with you consistently via our website, social media pages and by email and text. This ensures that whichever is your preferred method you just need to check one, as the same content is posted across all platforms so you'll never miss

anything! The minor tweak will be the method we use to send emails and text. It will make no difference to you and you won't need to complete any actions, but when we eventually transition over to the new system, messages and emails will not display the same way and might appear slightly different. We will do a gradual transition to the new communication system to ensure you have plenty of time to get support from us if there are any issues.

Don't forget that we are a cashless school and with upcoming trips being organised, you will need to ensure that you have access to Parent Pay to pay for these. Please contact or pop into the school office if you need support accessing Parent Pay.

This newsletter features an extremely impressive feature about our remarkable Year 3 pupils and their recent success in a poetry competition, don't miss it!

## Important News

### EYFS, Year 1, and Year 2 Lovely new digital books!

We now have a subscription for all Reception, Year 1 and Year 2 children to access our Little Wandle Phonics reading scheme online at home on your devices. ## CLASS UPDATES

### RECEPTION

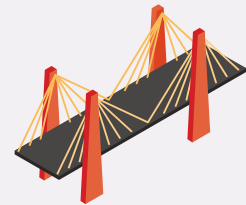

Reception have come back for their first week with giant smiles and brains ready to learn! Our theme for this term will be all things summer! This week they have looked at how plants grow and change and have started writing their own stories related to their story 'Wild Summer'. In maths they are solidifying all their previous knowledge, focusing on making numbers to 5 without manipulatives but also making numbers to 10 using manipulatives. What a great first week back!

### YEAR 1

The children have had a fantastic start to their final term in Year 1. They have enjoyed reading our new text 'The Way Back Home' and answer questions about what happened first, next and after that. In Maths they have been looking at fractions of shapes and amounts, using their skills from multiplication and division to share into equal groups. The highlight of the week was the trip to Westonbirt Arboretum. The children built on their learning in science about plants as producers and were great Tyndale role models as they walked around the park.

### YEAR 2

What a fantastic first week for Year 2! They have been incredibly kind and welcoming during our first week together. We have continued learning about "Isambard Kingdom Brunel" and the children are very excited about our upcoming trip to SS Great Britain. In Maths, the children were eager to demonstrate their knowledge of bonds to 10, 20 and 100 and partitioning 2-digit numbers into tens and ones. They are looking forward to our science topic "Let's Grow" where we will be investigating plant growth.

### YEAR 3

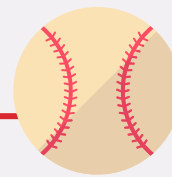

In science, Year 3 spent some of their afternoon on the field practising a dramatic rendition of the process of seed dispersal for science. It was great. They have started their unit of shape in maths and have been showing great recall from their unit of shape from year 2! In English they have been looking at writing effective instructions and after an incredibly funny jam sandwich making lesson, they have realised the importance of using specific language in instruction making.

### YEAR 4

Year 4 have had a fantastic week of learning and have immersed themselves back into it! They have been working really hard towards their times table test and have made me very proud! They have continued learning about their Topic - The Romans which they're very engaged with and can't wait to learn more about. They have started to learn about shapes and turns in Maths, recognising the compass directions and the four different turns. Well done Year 4, keep up the amazing learning!

10	10	20	30	40	50	60	70	80	90	100

### YEAR 5

Year 5 have had a fantastic first week! They have worked very hard learning about the features that need to be included in explanation texts in English, and have learnt how to multiply and divide by 10, 100 and 1000 in maths. They have also shown great sportsmanship in PE cheering each other on during team games in rounders. Well done Year 5!

### YEAR 6

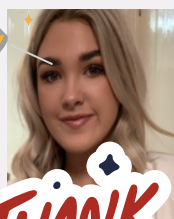

Year 6 have got stuck into their production practice this week! They have been proactive in learning their lines and learning the lyrics to the songs for 'The Island That Rocks'. They've also shown great resilience and collaboration by learning a group dance to one of the songs. This is a fantastic start to the term, well done Year 6!

### Staff Shout Out

Ms Hyndman (Year 4 Class Teacher)

For supporting the year four children with their Multiplication Times Table Check, making sure they were fully prepared and performed to the best of their ability. Thank you for all your hard work Ms Hyndman!

THANK YOU!

### Staff Fun Fact

This fortnight's fun fact is about Ms Holden.

I am obsessed with Alice in Wonderland and have an 'Alice' themed house!

## YEAR THREE POETRY

*Congratulations*

# MONSTER POETRY

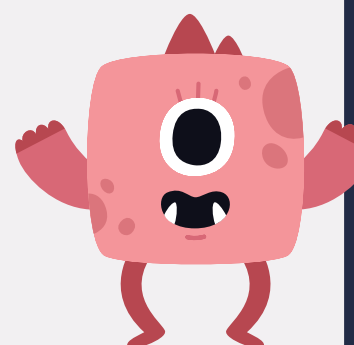

What an incredible week for year 3!

At the end of last term, year 3 entered the Young Writers poetry competition for creating their own 'monster poetry'.

The class was tasked with not only creating an original poem around a monster of their creation, but also to design it and draw it! Needless to say all of year 3 put in such amazing efforts and it was an incredible experience.

We are very pleased to announce that 8 of their poems have been chosen to be published in the young writers 'monster poetry - fiendish voices' poetry book.

Congratulations year 3!

NEW

We're teaching every child to read with

## EYFS, Year 1, and Year 2

## Lovely new digital books!

We now have a subscription for all Reception, Year 1 and Year 2 children to access our **Little Wandle Phonics reading scheme** at home on your devices. Coming home this week will be your child's username and password as well as instructions of how to access your child's reading book.

We know that practice makes permanent. Reading with your child at home makes a huge difference!

**Collins** ebooks

These lovely new books are matched to your child's own level of reading and they should be able to read it several times fluently (without struggling). They will normally have one or two books for the week.

Your child will continue to bring home a phonics reading book.

We will run an optional parent workshop on **THURSDAY 15TH JUNE** in the KS1 Hall straight after drop off (around 08:40) if you would like to see it in action.
